

# Glad That It's Over

12 Rods

Today has sucked  
But I won't let it get me down  
Get my chin up off of the ground  
Somebody I lost  
Somebody else found  
We already turned the tables  
But she's still looking so willing and able  
But I better not  
'cause I might get shot  
Better look away  
I'm so glad that it's over  
Glad that it's over  
I'm so glad  
That it's over  
The day was bad  
But now it's over  
I'm so glad  
Yeah Yeah Yeah  
It's been a long day  
I just want to go to bed  
Let dreams take over my head  
I think I'm dying  
I think I'm dead  
I'm gonna pick out my Sunday dolphins  
And run a sail boat across the ocean  
Caught by the cops  
And I think this one is working  
Oh yeah  
I'm so glad that it's over  
Glad that it's over  
I'm so glad  
That it's over  
The day was bad  
But now it's over  
I'm so glad  
Yeah Yeah Yeah  
I'm so glad that it's over  
Glad that it's over  
I'm so glad  
That it's over  
The day was bad  
But now it's over  
I'm so glad  
Yeah  
I'm so glad that it's over  
Glad that it's over  
I'm so glad  
That it's over  
The day was bad  
But now it's over  
I'm so glad  
Yeah Yeah Yeah
