

# Games You Play

12 Stones

All the games you play  
I won't take the blame  
I gave you trust, you spit it out  
And call my name  
I'm taking back what's left from all these

Selfish things you say  
And I won't waste another day  
With all the games you play  
All the games you play

And I'm so scared of all the ways  
You take my confidence away  
With all the games you play  
All the selfish games you play

I'm alone again  
Sure feels good to be home  
As I walk away  
I know you'll feel my pain  
I'm taking back what's left from all these

Selfish things you say  
And I won't waste another day  
With all the games you play  
All the games you play

And I'm so scared of all the ways  
You take my confidence away  
With all the games you play  
All the selfish games you play

I don't know why and I don't know how  
I let you control my inner self  
As cold as you are, I'm counting the scars  
They're proving to me just who you are

And now I know why  
And now I know how  
I'm better off without the

Selfish things you say  
And I won't waste another day  
With all the games you play  
All the games you play

And I'm so scared of all the ways  
You take my confidence away  
With all the games you play  
All the selfish games you play
