

Lie To Me

12 Stones

Our candle burns away, the ashes full of lies,
I gave my soul to you, You cut me from behind
No where to run, And no where to hide
You're scared of the truth, I'm tired of the lies
Cause who I am, Is where you wanna be

Don't act like an angel, You're fallen again
You're no superhero, I've found in the end
So lie to me once again,
And tell me everything will be alright
Lie to me once again,
And ask yourself before we say goodbye
Well goodbye, Was it worth it in the end?

You said you were there for me,
You wouldn't let me fall
All the times I shared with you,
Were you even there at all?
No where to run, And no where to hide
You're scared of the truth, I'm tired of the lies
Cause who I am, Is where you wanna be

Why'd you have to up a run away? A million miles away
I wanna close my eyes and make believe,
That I never found you
Just when I put my guard away, It's the same old story
You left me broken and betrayed, It's the same old story

Lie to me once again, It's the same old story
Lie to me once again, It's the same old story

Was it worth it in the end?
