

# The Last Song

12 Stones

I'm sorry for needing you to carry me  
So simple sometimes when you're standing next  
To me  
You never change you never stay the same  
Like a picture perfect sunrise every time with  
One last song to sing

Take it all away from me and tell me how you  
Want this to be  
I want you i need you

A life without you made me wonder why i'm here  
Until i found nothing ever seemed so clear  
You never change you never stay the same  
Like a picture perfect sunrise every time with  
One last song to sing

I lose myself in everything you say i lose myself  
In everything  
I never knew that i could feel this way i never  
Knew that i could feel
