

Salvia Divinorum

1200 Micrograms

This is a news flash folks, we interrupt this program to bring you this special announcement.

A new psychoactive substance has been discovered. A very powerful psychoactive substance. The most powerful since the discovery of LSD.

A substance so powerful that 300 microgramms is the dose. That means 1 gramm will dose 7000 people.

Salvia - s.a.l.v.i.a and then Divinorum - d.i.v.i.n.o.r.u.m.- the diviner's mint.
