I don't want to hear it anymore. Hurry shut the door My mind is falling apart thanks to the World is killing my mind

I don't want to hear it anymore. Hurry...
My doppelganger is awaken by the voice of the World

Don't block my way. Don't block my way

No matter where I go it's a dead-end Dead-end. Dead-end. (I'll destroy it.)

This path will surely lead to another dead-end Dead-end. Dead-end. (I'll destroy it.)

Choujuu giga no utage no naka shiki sai ? Ryouri ga narabi

Kokyuu naru gainen no shisouka Just get the hell out of my sight

Feels like I'm going crazy. Antagonizing Listening to you voice make my allergies kick in

Don't block my way. Don't block my way
Don't make excuses for my actions. Don't you dare deny my
existence

No matter where I go it's a dead-end Dead-end. Dead-end (I'll destroy it.) This path will surely lead to another dead-end Dead-end. Dead-end (I'll destroy it.)
