

Listen, can you understand the truth I'm going to tell you?

Today, here, and now, I will not speak of that night.

Ah, God is unfair, he can't save anyone.

Ah, holding out his arms he preaches love to the imposters, he can't save anything.

(Can you hear?) The innocent screams, they want you to give them freedom.

The hideous voices caught in a trap

Can't say goodbye, what do you see? A lie on the truth or....

My finger on the trigger,

Can't say goodbye, what do you see? A lie on the truth or....

The breath of the pistol.

Ah I'll follow the memories of the night that concealed the truth

So Awakening to a call in the middle of the night, you're too late.

(Can't go back) I'm on a journey to redeem the sins of my past.

(Once more) Biting down on my lips, I expose the truth.

Can't say goodbye.what do you see? A lie on the truth or....

My finger on the trigger, the breath of the pistol

I remember your unrealized wish and your trivial words. That's how fate is, it can't be solved easily, because it can't be realized.

(I love you) I'll give you a peaceful kiss, because you know I'll be at your side soon.

At this rate, it looks like I'll come through somehow or another.

Can't say goodbye, what do you see? A lie on the truth or....

I hold the gun to my temple,

Can't say goodbye, what do you see? A lie on the truth or....

At the end of my hatred.

Ready go stand up, what will see? A lie on the truth or....

A true love

Ready go stand up, what will see? A lie on the truth or....

From the end of my hatred...
