

## The Estrangement

13 ENGINES

Time is so hard to find when your occupied  
Lost in my own world, I didn't notice what's happening  
Last time that I saw you I said things  
That I didn't mean and now I wish I could take them back  
But that was long ago and now it's today  
And it's much too late  
Though God knows I would change the past if I could

Weather is changing again, animals are moving in new directions  
When you coming home, it's been too long  
Don't be such a stranger, I'd love to see you soon  
Do you remember me, well I remember you  
Won't you come to me

I want to see you so bad  
I want to be with you right now
