

Coal Black Horses

16 Horsepower

Just as sure as that suns gonna shine
When he comes at his table I will dine
Just as sure as that dog's gonna whine
In my heart no longer will I pine

Just as sure as by evil you are torn
The sky will open up an an angel blow his horn
An down come Jesus lookin' so fine
Just as sure as that girl she is mine
An I say
Yes an I say

Hey hey hey it's always forever
Hey hey hey it's never or now
Hey hey hey it's always forever
Hey hey hey never or now

I dug a hole an hollowed it out
Yes an I fell in
Oh Lord I'm caught in the cord
The cord of my own sin

Shoot 'em up cowboy, I got away,
I've been draggin' this chain the whole way
Lay it down boy by the tree
Leave it there yes, an no lookin' at me
An I say
I say

Hey hey hey it's always forever
Hey hey hey never or now
Hey hey hey it's always forever
Hey hey hey never or now

He who my Lord sets free
Yes he is truly free
No longer will I allow evil way to mock me
He who the Lord sets free
Yes he is free indeed
Oh yea, he is free indeed

Well yea boys I know an I am certain
In your heart of hearts ye all are hurtin'
No no no not that name not to me
It's too hard to get down on my knees

Just as sure as by evil you are torn
The sky will open up an an angel blow his horn
An down come Jesus lookin' so fine
Just as sure as that girl she is mine
An I say
Yes An I Say

Hey hey hey it's always forever
Hey hey hey never or now
Hey hey hey it's always forever
Hey hey hey never or now

Hey hey hey it's always forever
Hey hey hey never or now
Hey hey hey it's always forever
Hey hey hey never or now
