

It's a grey place  
Most of it blacked out  
Bombed  
Sucked of life  
I need to unwind  
Let's go blind  
I need to unwind  
Let's go blind

Nothing really matters to me  
Boring laughter, boring hate  
Inhale-exhale poisons all day  
How much more of this can I take?

This is not an exit

Look at my face  
Most of it caved in  
Bummed  
Sucked of life  
I need to unwind  
Let's go blind  
I need to unwind

This is not an exit

Liar
