

On a killing spree
With my bare hands
Run around this place
I'm a madman
Here I am again
Looking for you
Guns in hands
Waiting for you
I've been here before
Here I go again
Hunting for you
Bombs in hands
Attach them to you
You're killing me
With a blank stare
Don't forget my face
I'm the madman
Here I pray again
Hatred from you
My gun in my mouth
Dying from you
I've been here before
Been here before
