

Shooting fireworks before dawn  
Something I don't want to see  
When I stare at the Sun  
Things I don't want to be  
Today is nice  
Tomorrow is better  
I'm free as a bird motherfucker  
A burning tea kettle

I'm smarter than you  
And all your friends

Shouldn't try to stop me  
I've got two hands  
In the throne of God  
With a smoking ban  
A dozen eggs  
Don't let them spoil  
And frozen meat  
In tin foil

I'm smarter than you  
And all your friends

Throw it into reverse  
Watch the tires smoke  
Cast your eyes on  
That female goat  
Fucking jock fags  
With long in backs and 4X4's  
Who's up to bat?

I'm smarter than you  
And all your friends
