

The fat you've stored it keeps you warm
Spent your childhood on a huge farm
Now run on home with cuts and sores
Tripped on a tree log and chipped a tooth
You're broken English from a college class
Grew up in Texas in the dirt and ash
You've got the chance feel free to jump
Siphon gasoline from a gas pump

I've never run before
Not as fast as you
I've never bled before
Not as much as you

Cold
Now run on home with cuts and sore
Tripped on a tree log and chipped a tooth
