

It ain't rough, it's tough enough  
On the bus, it ain't rough  
You don't punch me  
You don't like me  
What a rush, that's long enough  
On the bus, what a rush

Here she comes  
She's running home  
Give her back her purse  
Make her stop  
You've tied her up  
Sit her down  
Blacken out her eyes  
She's had enough  
It ain't rough, it's tough enough  
On the bus, it ain't rough  
You don't punch me  
You don't like me  
What a rush, that's long enough  
On the bus, what a rush
