

## I Fail Truth

16volt

Some things do  
I fail truth  
Some things do  
This fucking radio doesn't even ever work  
Nothing coming through but static from the earth  
There's parts inside  
That are despised  
I fail truth  
Some things do  
I fail truth  
Some things do  
I find these things are made with little realised  
I find they fall apart after a few days of life  
Let parts divide  
And get revised  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth  
Some things do  
I fail truth.  
I fail truth.
