

I Fail Truth

16volt

Some things do
I fail truth
Some things do
This fucking radio doesn't even ever work
Nothing coming through but static from the earth
There's parts inside
That are despised
I fail truth
Some things do
I fail truth
Some things do
I find these things are made with little realised
I find they fall apart after a few days of life
Let parts divide
And get revised
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth
Some things do
I fail truth.
Some things do
I fail truth.
