

The Enemy

16volt

He sells me just as a commodity
Another sell out for the company
Another soul down in his resume
Another profit for my enemy

Enemy
The enemy
Enemy

He hunts and mates within the industry
His ego swells with opportunity
His motivation is the royalty
Another profit for my enemy

This won't destroy me
This won't destroy me
This won't destroy me
This is my ultimate destiny
This won't destroy me
This won't destroy me
This won't destroy me
Fuck the record industry

He kills off all originality
He strips it down to label policy
He markets me for mass quantity
Another profit for my enemy

This won't destroy me
This won't destroy me
This won't destroy me
This is my ultimate destiny
This won't destroy me
This won't destroy me
This won't destroy me
Fuck the record industry

This won't destroy me
This won't destroy me
This won't destroy me
This is my ultimate destiny
This won't destroy me
This won't destroy me
This won't destroy me
Fuck the record industry
