

You're Wrong

1905

Open your eyes.
You're not blind.
I know you wont like what you find.
See the looks on their faces.
See the looks in their eyes.
Don't know the truth.
Don't look for proof.
Now we've got our war,
to sacrifice for.
And you don't give a shit,
just consume and submit.
Believe all you're told,
you're minds are controlled.
It's "our way of life,"
overflowing with strife.
Regurgitate lies,
WITH BLOOD IN YOUR EYES.

YOU'RE WRONG.
