

# I Don't Even Know What That Is

1990s

I dont even know what that is  
Donot even know what that is  
donot even know what that is

I donot even know what that is  
Donot even know what that is  
donot even know what that is

I was just blowing a kiss  
how did it come to this?  
Im having bad notations  
I donot even know what that is  
Donot even know what that is

Oh, oh, nobody's home  
Ring my bell cause I left the lights on  
Oh, oh, nobody's home  
and you know I cant choose the telephone  
Oh, oh, throw me a bone  
i;cause I donot even know what that is

I just checked in and I having a bit of a question  
Already out of my dim  
So it's kind of fucked up but I guess Ill take a lesson  
to catch up with something I miss  
The night's (?) still here but its still kind of distressing  
I've never even heard of it

I donot even know what that is  
Donot even know what that is  
donot even know what that is

I donot even know what that is  
Donot even know what that is  
donot even know what that is

I was just blowing a kiss  
how did it come to this?  
Im having bad notations  
I dont even know what that is  
Donot even know what that

Oh, oh, something's going wrong  
Please somebody, turn the lights on  
Oh, oh, something's going wrong  
its a physical art, you moron

I just checked out  
halfway through a lesson  
never been so out of my breath  
Keep coming, Im stuck  
lost in the translation  
Isnt there a lock as this? (?)  
Yeah, I've passed around (?)  
Had some shitty conversations  
I donot even think it exists

If Im turning into a baboon  
I'll be more attuned  
to the situation  
When I had to pack ~~it~~<sup>them</sup>  
should've, should've stayed in my room  
Should've put on my earphones

I was just blowing a kiss  
how did it come to this?  
Im having bad notations  
I donot even know what that is  
Donot even know what that  
is
