

## Situation

1990s

Well the girl from the deli  
What's she all about?  
You know she really really  
Really really freaks me out.  
I'm in too deep.  
I really need to sleep.  
On playback with numbers  
So I can't count sheep.

What you got  
What you got  
What you got  
Some kind of situation.

Well the music's way too loud  
So I turned it up.  
Those guys in leather jackets  
Looking down on the love.  
Some girl keeps asking me  
"Do you wanna dance?"  
Well you're Sally Deville, babe  
But only in France.

Whoo whooo

What you got  
What you got  
What you got  
Some kind of situation.

Some kind of situation
