

Never Alone (Beats 'R' Us Mix)

2 Brothers on the 4th Floor

Black and white dancin' together
Side by side, we'll make things better
You're never alone
Dancin' together
Side by side, through stormy weather
You're never alone
Never alone, never alone, never alone...
You're never alone

I'm always on course with the force offcourse
Breakin' down doors, and no I won't pause.
Here's an injunction to all the people
Don't you stop movin' cause we are all equal.
I'm the 3D2 and I'm here to help.
Stop the violence and help yourself,
To a better place for the human race.
Turn up the bass, time to rave.
It's universal
Let's do it now, no time for rehearsal
Wave your hands for the masterplan
And jam with the man here to slam
So throw your fist in the air and fight for peace,
Happiness and unity
Can't you see, we've got to make it better
Black and white together

It's time to wake up, it's time to rise
Let freedom ring for you and I
We've got to take care of the world today
Hear what I say, no time to play
Save the ozon before it's gone like a storm
My word is born
Can't you see, we've got to make it better
Black and white together
