

## 100 Joints

2 Chainz

No matter what they say I smoke 100 joints a day  
Laying by my chopper, chopper laying by my safe  
No matter what they say I smoke 100 joints a day  
Laying by my chopper, chopper laying by my safe  
No matter what they say I smoke 100 joints a day

Hop up out that motherfucker swagging

Had an old school on some 'rellis  
Used to go to school in some Bally's  
Flexing Macho Man Randy Savage

You need your passport for our second date  
You know I'm fly nigga rocking reptiles

Big ring and a charm to match  
Ya my role model was Project Pat  
Life is too short, nigga born to mac  
I hop up out that coupe nigga rat, rat  
Hating on the style I hope you die today  
I hope they ass don't find your ass for 30 days  
Mind on my money, money on the state  
Ain't judge a book by its cover turn the page  
I like her on the pole that's the business nigga  
As soon as she get off I'mma kick it with her

Laying by my chopper, chopper laying by my safe  
No matter what they say I smoke 100 joints a day  
Laying by my chopper, chopper laying by my safe  
Don't matter what they say I smoke 100 joints a day

Time to switch it up for 'em  
Time to flip it up for 'em  
Got a Masi on the corner  
Pull it out when I want to  
Pull your bitch when I want her

Cold day now Styrofoam, that's getting to the point  
East Point in this motherfucker  
College Park in this motherfucker

My damn street know I'm riding through it  
Four four two on the hood  
Do this shit here for the hood  
Why you niggas shit on the hood?  
Two two three at the sunroof  
Niggas spending like one tooth  
Turn around and see white smoke when I leave out the mic booth  
I'm tight nigga that's known  
Put gold on the white coupe  
Put gold on the white tooth

Put gold on my wife too

Laying by my chopper, chopper laying by my safe
