

# Stop Me Now

2 Chainz

Nothing in the whole wide can stop me (Ooh nothing can stop me)  
Nothing in the whole wide world can stop me (Ooh loving you)  
Nothing in the whole wide world can stop me (Nothing, nobody)  
Can stop me from loving you

Foreign exchange, I walk in the rain, still won't get wet  
Nigga flick up the flame, twist up the game, switch up the chain  
Play peek-a-boo, I take ya girl and her friend and do a switch-a-roo  
Started with a nick and got a 62, it was memorable my plan is worth diggable  
Used to stashing work off in a inner tube  
In middle school I worked the trap no interviews  
Just told shawty that I'm in to you  
I'm the type that make a old school a Bentley coupe  
Turn one to ten that's what I tend to do  
It's an amber alert I gotta missing roof  
It was black and it was travelling fast I love you  
Now I don't care about your ratchet past  
Designer shoes, matching bags  
Let them niggas pop shit baby we popping tags  
If I ever fall off I'll be hopping back  
Got a bad bitch with me, told her hop in back  
My car speak, she dark meat  
I be eating MC's, nigga shark teeth  
Velour hoodie I ask 'em what's for goody  
If you are what you eat but I am not a pussy  
You couldn't stop me with a bunch of Uzi's  
And all we really do is shoot a bunch of movies

Started from the bottom now we at the top  
Graduated from high school and bought a choppa  
Orville Redenbacher bitch we got it poppin'  
On the block with that white girl, Cindy Lauper  
(2x)

When they saw me they used to think of dope  
But now when they see me they just think of hope  
Inspiration, no infiltration  
Them niggas hatin', I got they bitches naked  
Hand full of ones pocket full of Hunn  
If I was sellin' swag man I woulda sold a ton  
Designer sneaks leather seats  
They say money talk that's why you never speak  
Every verse I do is a rest in peace  
Wish this highway to heaven had an extra seat  
Rap game extra sweet, big ass charm conversation piece

Million off rap but the trap was sweeter  
When dealings on the block all prices cheaper  
I been doing this since guess and fila  
They say my entourage each car four deep eight heaters  
Drop the middle man to cut the cost  
They say my whole click cut from a different cloth  
And of course we pay the cost with each block  
That we off ya take off and call back  
It ain't our fault that ya lost ya lil bitch  
Ask ya boy bout them forty he lost talk slick  
Glock forty ya boss now you the president

Fresher than peppermint whip tint  
Till six bond number nine flow wall street bidness bitch

Started from the bottom now we at the top  
Graduated from high school and bought a choppa  
Orville Redenbacher bitch we got it poppin'  
On the block with that white girl, Cindy Lauper  
(2x)
