

# Do What I Like

2 Unlimited

Come let me enter in your brain  
You know how it goes no pain, no gain  
I'm a rough young brother, I care about another  
I thank my life to my dad and my mother  
Searching like a hunter, always into something  
You wanna be down? First stop fronting  
Please don't speak, pass me the mic  
Cause no matter what you say I'll do what I like

This is the way I live my life  
And there's no need to criticize  
This is the way I live my life  
And there's no need to criticize  
'Cause I do, do what I like  
This is my life and I'm satisfied  
And I do, do what I like  
It's the way I live my life!

Rumours and lies start from the mouth  
People hear little things and they start to shout  
You see me on t.v. or a magazine cover  
Lose our bonus, move under cover  
Living that kind of effect, I'm in demanded  
I do my thing when I on demanded  
You don't even know how I live my life  
Don't point your finger cause I'll do what I like

This is the way I live my life  
And there's no need to criticize  
This is the way I live my life  
And there's no need to criticize  
'Cause I do, do what I like  
This is my life and I'm satisfied  
And I do, do what I like  
It's the way I live my life!

Do what you like  
Do what you like  
Do what you like  
Do do what you like

Yeah!  
Don't give a damn  
Don't give a damn  
Do what you like  
Don't give a damn  
Don't give a damn  
Do what you like  
Come On!

This is the way I live my life  
And there's no need to criticize  
This is the way I live my life  
And there's no need to criticize  
'Cause I do, do what I like  
This is my life and I'm satisfied  
And I do, do what I like

It's the way I live my life!

Do what you like

Do what you like

Do what you like

This is my life! OH!
