Sometimes you need to break away  
Come On!

Get on your feet now, and don't be lazy!  
Get on your feet now, and let's go crazy!  
Theres sometimes you just need to get away from the troubles and worries of  
every day  
All you have to do, yeah, you know the trick: just escape in the music!

Woow, uh uh, Yeah Come On!  
Hehh....

I mark the spot when the floor gets hot  
Creative enough, easy but tough  
The life we living strange and rough  
All these situations- man, I've had enough  
We have to escape in the music today  
Take it from me dancefloor filler Ray  
We gotta get away, gotta disappear  
So release your feet and lend me your ear

Get on your feet now, and don't be lazy!  
Get on your feet now, and let's go crazy!  
Theres sometimes you just need to get away from the troubles and worries of  
every day  
All you have to do, yeah, you know the trick: just escape in the music!  
Theres sometimes you just need to get away from the troubles and worries of  
every day  
All you have to do, yeah, you know the trick: just escape in the music!

Once you're with the music, it becomes addiction  
It fascinates like science fiction  
You're on a joyride, the tempo ain't slow  
Everybody knows that you got to go  
All surrounded by musical notes  
The mighty dancefloor becomes a road  
We gotta get away, we gotta disappear  
3-2-1, I'm outta here!

We gotta get away, gotta disappear

Theres sometimes you just need to get away from the troubles and worries of  
every day  
All you have to do, yeah, you know the trick: just escape in the music!

Don't be lazy  
Escape in music!
