

# Where Are You Now

2 Unlimited

I watch the door but no one comes through  
I watch the sun painting pictures of you  
Nothing I do can kill the chill inside  
Silver days, wishes come true  
Simple thoughts, enough love for two  
Sharing a dream, sharing the warmth we had  
Where's the flame that kept us in motion  
Did it burn out as well  
Where's the flame, did you take it with you

Where are you now  
Do you think of us  
Do you think that it was worth it  
Where are you now  
Are you alone  
Do you know that I've been waiting  
I've been waiting when the sun goes down

All the roads, you taking a lot  
Stretch of sea a thousand times  
But none of them roads bring you to my door  
Where's the flame that kept us in motion  
Did it burn out as well  
Where's the flame, could you take it with you

Where are you now  
Do you think of us  
Do you think that it was worth it  
Where are you now  
Are you alone  
Should I hope that you are waiting  
Where are you now  
Do you think of us  
Do you think that it was worth it  
Where are you now  
Are you alone  
Can you see that I've been waiting  
I've been waiting while the sun goes down

If you listen  
You will hear  
Close your eyes  
Let light be near

Yeah....

Where's the flame that kept you in motion  
Did it burn out as well  
Where's the flame could you take it with you

Where are you now  
Do you think of us  
Do you think that it was worth it  
Where are you now  
Will I ever know  
It's somewhere I can find you  
Somewhere the sun always shines
