

My pa loves my ma  
And she likes him too  
Your pa loves my ma and we love her too  
I love you  
And you like me too  
So why don't we all go to bed  
Together we have more fun  
Everybody loves each other  
Please tell this to your mother  
Why you always tell me no, I'm alone  
Your brother calls my sister  
That little one  
Your father is in love  
With your aunt Louise  
And my grandpa Sam  
Loves my little sister  
Like we all do  
What shall we do  
So why don't we all go to bed  
Together we have more fun  
Everybody loves each other  
No one will be sad  
Your folk said me no  
Aunt Louise ou vou wou  
What my people said  
They said you can go  
Yes I understand  
Your hard situation  
But I never turn my back  
Turn my back on you  
Now I'm lying alone  
In my big bed  
Now I'm lying alone  
In my big bed
