22-Pistepirkko

It was a boring day in that big whitehouse  
White wearing nurses looking after us  
Amen they said and amen I prayed  
Then one day I met this strange looking man  
He rang their bell and smelled like hell  
Oh boy,good heaven  
Is he a man, called frankenstein  
He said: I've heard that you wanna play  
Yes you're right but they want me to stay  
Don't worry son, I got a golden way  
They'll be happy to hear you play  
Oh boy,good heaven  
Is he a man, called frankenstein  
Goodbye mad house  
No more pills to eat  
I wonder how long he'll try  
It was a boring day in that big whitehouse  
White wearing nurses looking after us  
Amen they said and amen I sayed
