

I'm Back

22-Pistepirkko

Where have you been, well Ive been on my way
Hey what have you seen, well I really don't wanna say
But now Im back, Im ready to do this and that, oo Im back

What kinda girl is she, she looks good and is so mean
You still like her don't you, I don't know Im blue
But Im back, Im ready to do this and that, Im back

Well she's always telling me lies
Tell me why she's so unkind
Maybe I liked her lips
And she told me that her papa was a sports car freak
