

## Nappy King Blues

22-Pistepirkko

When I was a nappy king  
Then I was a happy king  
When I was a nappy king

When I was a nappy king  
Then I was a happy king  
When I was a nappy king

When I was a nappy king  
Still was my bellys swing  
Me and pals was having chill

I can't see me anymore  
I can't hear if I lie  
Doing it like elbow lyle

I can see me near the moon  
I can see I live a low  
Gotta stop this dream of bow
