

"Got it going on"
In your castle all alone now
Once was sweet has now gone bad
Education couldn't teach you
Only green to past the test
I can see why you're alone now
Once was sweet has now gone bad
Picked out from a class of many
Got it goin' on...

As I recall you had it all
but your ways were cruel
Protection day and night
Never see the dawn of light
Dying for a rescue

Sanctuary came unglued
Shattered peace, every part of you
No one wants to claim your fame
Ask me questions I'll name no names

Park Avenue, a penthouse view
Overlooks the blues
A homeless man
eats a meal from a trashcan
Imagine being in his shoes
