

Believe In Me

25 Ta Life

If it's who you are
Don't turn your back on me
Call me brother
Call me friend
But when shit went down
I aint seen your face
I Lost my mind I lost control
Mission from hell
What have I done
Suffer the consequences
For my actions
I'm the one to pay after
Pick myself up and rebuild
No one believes in me
So I believe in myself

I'm trying, I'm trying, I'm trying
I want out I need your help
I need for you to believe in me, yeah
Gotta change, fuckin change, gotta rearrange
And straighten out my life
No more wastin, no more wastin, no more wastin my time
Odds are stacked against me

Don't lose your faith
Believe in me
