Haterz Be Damned

25 Ta Life

Crucified by your lies
Spit on
Crossed out
Forgotten
Despised
Once loved now left behind

For those of you That have been low You know how it goes

You're the closest thing That I've come to liking And I can't stand you

Haterz be damned

Wish you all the worst of luck And when it all goes wrong Think of me

Haterz be damned
