

# Not Your Boyfriend

2AM Club

(Chorus)

I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be,  
Maybe we can be friends  
I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be friends

(Verse)

I'll be there for you in the bedroom,  
Pick you up when you wanna get down  
I'll be there for you in the bedroom,  
Pick you up when you wanna get down

Give you what you need inside  
If you need to stop,  
I'll pull it out  
Work girl  
You got it  
Church, girl  
You cross fit  
Bossy  
You flossy  
You gossip  
You faucet

So, so  
I wanna be rollin'  
With no pills  
We'll be up til the morning

She rip her shirt off  
I call her Hogan  
And when she play dumb  
I call her Oakland

(Pre-Chorus)

All around the world  
All the boys and girls  
All around the world  
All around the world  
All the boys and girls  
Say it tonight

(Chorus)

I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be,  
Maybe we can be friends  
I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be friends

I'm not your boyfriend ,  
You're not my girlfriend  
I'm not your boyfriend ,

You're not my girlfriend

(Verse)

Uh, we back in the bathroom stall,  
Hands all down my back  
Feel like junior year  
Cuz I used to be soph  
She looks so guilty  
She ain't used to getting off  
I used to be sober,  
Now I'm cruisin'  
Two freaks in yoga pants  
I'm movin', you keep it up now  
I love you, if you keep it up now  
I can touch you if you like it rough, now  
Doesn't matter if you were a ten or a touchdown

(Pre-Chorus)

All around the world  
All the boys and girls  
All around the world  
All around the world  
All the boys and girls  
Say it tonight

(Chorus)

I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be,  
Maybe we can be friends  
I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be friends

(Bridge)

One day we might end up fallin in love  
But for tonight we're too young  
Someday I might end up breaking your heart  
But for tonight break it off

All around the world  
All around the world

(Pre-Chorus)

All around the world  
All the boys and girls  
All around the world  
All around the world  
All the boys and girls  
Say it tonight

(Chorus)

I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be,  
Maybe we can be friends  
I'm not your boyfriend ,  
You're not my girlfriend  
But maybe we can be friends

I'm not your boyfriend ,  
You're not my girlfriend
