

Oohh,
You always told me
If I ever want to leave
If I find the better girl
Someone who lets me breathe
That you wouldn't stand in my way
Oohh girl I never meant to break your heart

I promise you
I didn't know, oh no
She was your sister, sister
What could I do
She is so dope, oh yeah
I couldn't resist her
Your little sister

And who would've thought
That she's really that young
Unlike you
Kisses good with the tongue
Oh please don't stand in the way
I guess it really doesn't matter
If I break your heart...

I promise you
I didn't know, oh no
She was your sister, sister
What could I do
She is so dope, oh yeah
I couldn't resist her
Your little sister

How, ooh,
Oohh, how could I know
How could he know
How could he know
How
I'd really, really didn't know

I promise you
I didn't know, oh no
She was your sister, sister
What could I do
She is so dope, oh yeah
I couldn't resist her
Your little sister

I promise you
I didn't know, oh no
She was your sister, sister
What could I do
She is so dope, oh yeah
I couldn't resist her
Your little sister
