

U & U & Me

2gether

Let's get to know each other better
in a special way
I think about you baby
each night & day

But you're always hanging around
with the girl next door
You do each others make up
& so much more

Friday's slumber party
when your parents are gone
I think about you girls
& how we can get it on

U & U & me
2gether we make 3
in perfect harmony
Just U & U & me
U & U & me
2gether we make 3
A perfect fantasy
Just U & U & me

U & U & me
2gether we make 3

When I think about your girls
it makes me feel so fine
& when I call you on the phone
I need the party line

Playing spin the bottle
Kisses sweet as wine
I must've won the lotto
To have U & U & I
Jackpot

2gether we make 3
in perfect harmony
Just U & U & me
U & U & me
2gether we make 3
A perfect fantasy
Just U & U & me

U & U & me
2gether we make 3
in perfect harmony
Just U & U & me
U & U & me
2gether we make 3
A perfect fantasy
Just U & U & me

Listen girl...
When you kiss me

on the mouth
& then down my neck...
all @ the same time
When you both whisper different things
into different ears
I can't try to pretend
Girlfriends

U & U & me
Yeah, yeah, yeah
2gether we make 3, whoa
U & U & me
Yeah, yeah, yeah
2gether we make 3, whoa

U & U & me
2gether we make 3
in perfect harmony
Just U & U & me
U & U & me
2gether we make 3
A perfect fantasy
Just U & U & me

U & U & me
2gether we make 3
in perfect harmony
Just U & U & me
U & U & me
2gether we make 3
A perfect fantasy
Just U & U & me
