

# In The Event of My Demise

2pac

[Geronimo Ji Jaga]

In the event of my demise  
when my heart can beat no more  
I hope I die for a principle  
Or a belief that I had lived for  
I will die before my time  
Because I feel the shadow's depth  
So much I wanted to accomplish  
Before I reached my death  
I have come to grips with the possibility  
And wiped the last tear from my eyes  
I loved all who were positive  
In the event of my demise

[Young Noble]

In the event of my demise don't shed no tear  
I'll share my wisdom with the world, they'll know I was here  
Know I was clear, every thing I said I ment  
A outlaw, when I was born they prepared my ditch  
Said I won't live long, statistic showed  
I'm tryna past 24 realistic goal, listen all  
You gotta stay cold inside  
That's what I tell myself when I feel alone sometimes  
But I can't cry, I don't tear no more  
I love god, from death I don't fear no more  
A part taken in this movment to better my people  
Though they see me on TV, I tell them we equal  
Don't look at me as a stranger, I'm one of your own  
We was raised in concrete and grew as a rose  
Still I rise, but never get a chance to fly  
Mama please don't cry

In the event of my demise

[Chorus - Young Noble]

In the event of my demise  
can't breathe no more  
hope I die for a principle  
something I lived for  
dying before my time  
feel the shadows of depth  
Trying to fulfill all my dreams before I reach my death  
came to grips with the possibility  
The world's killing me, and my soldiers die young with no sympathy  
I wipe the last tear from my eyes  
I loved all who stayed strong  
In the event of my demise

[Napoleon]

If I should die before I awake  
let my family be stairght of the money I make  
Give my son, what he needs, other than his father  
Is it self respect, better yet his honor  
with the lord come to swallow my soul, it's so big  
Cause the street took enough of my life, we all see  
It's a cycle make you feel psycho  
Everything struggles behind this man, see nobody love you  
Got a piece of the streets and it's gonna die with me  
may your, soul forgive me  
Makaveli's within me  
In principle we stand by stronger than power

We gon' die by the rules you can never devour  
On the earth from my birth fell nothing but pain  
only thing I ever gained was a baby to name  
that's my heart, and if I should go I'll go on in the sparks  
that's the event of my demise, and it lurks in the dark

[Chorus]

[E.D.I amin]

Now as I stand here, a man here  
Not a perfect one, but a searching one  
Seek in another, blazing time  
Sound crazy but I'm actually tryin to escape my mind  
Tryna erase in time  
but hoping that you didn't notice  
When i was at my lowest  
So I knew they was watching, I couldn't stop it  
So many things I wanted to accomplish  
Too many dreams, wasted with no promise  
From out the darkness I struggle to see the light  
Rumble deep in the night  
Hustlin with all of my might here  
Some won't see it that way  
But us is given praise  
But all of them will dream  
That I did it my way  
In the event of my demise

[Kastro]

I was born to a storm that won't let up  
And I was raised to stay brave with my head up  
But thing ain't got better  
We still gettin wetter in this bad weather  
I need more than a sweater and a leather  
Yo, ain't nothin ment to last forever  
So the stuggling and the suffering ain't gon' last forever  
And my will, probably be like two lines long  
It will read I'm dead but my soul lives on  
And my spirit still living though my body is gone  
In the event of my demise I love all who stayed strong  
I love all who stayed strong  
In the event of my demise, com'on

[Geronimo Ji Jaga]

In the event of my demise  
when my heart can beat no more  
I hope I die for a princeple  
Or a belief that I have lived for  
I will die before my time  
Beacause I feel the shadow's depth  
So much I wanted to acomplish  
Before I reached my death  
I have come to grips with the possibility  
And wiped the last tear from my eyes  
I loved all who were positive  
In the event of my demise
