

# Never Be Beat

2pac

Fumble suckers tumble goddam I'm good  
Since I was born I was strong  
Always knew that I could  
Don't care anywhere anyplace I rock  
Give me a mic tonight competition I'll drop  
Fast or slow I'll go and no one is gonna stop me  
Yo you must be kidding you swear you gonna drop me no  
Well sure as battlin is bad for your health  
I know your confident boy but don't fool yourself  
My mic's a weapon I'm steppin with a capable rhyme  
Yo your time for playin is ova you got your crew I got mine  
Not braggin I'm bad and I could only get betta  
Your girl came on to me she wanted me I wouldn't let her  
Don't make sense to come against me and my man "D"  
How it is how it was that's the way it'll be  
You still think you can beat me get it together  
'Cause I'll never be beat, never be beat, never

Boldly you steppin to the top of the piece  
'Cause I'm the predator competitor and I'm risin like yeast  
I'm the microphone musician musically I'm the most  
When I rumble you tumble like a burnt piece of toast  
Proceed with caution I cannot be stopped  
A deadly weapon that's kept inside a Sentry lock  
Strong hold holding on but there's no holds barred  
Fuck around feel the wrath and your forever scarred  
Anybody want to battle step the hell up  
Toss your ass like a salad and eat you all up  
You climb the rope of success but you know you can't win  
You get discouraged cause I hold the otha end  
If I let you go like all the others you will fall  
The vicious vocalist consoloist will still be raw

Your bein waxed like a sucker but you'll neva recoup  
I'm a veteran a breathren goin in like a troop  
Try to stop me you can't you puff and you pant  
Try to beat me at this game you gettin stomped like an ant  
In the long run I'm the one that's holding the mic  
Upset to get to me sweatin me for the rhymes that I write  
This time we're goin at it get ready  
'Cause I'm your worst nightmare, fuck Freddy  
Where's that mothafucker that said that I was a dope  
Tyin' up rhymes like a rope I'll pull it tight and I'll choke  
You swear that you could beat me punk get it together  
'Cause I'll never be beat you punk, never

Hard is what you wanted knowledge is what you gettin  
I'm movin and groovin and proven, you're still sittin  
Got me blowin up, like a Hawaiian vulcano  
Runnin things like Drano  
Lettin you know that there ain't no-body  
Gonna diss me now I'm comin exact  
I'm paid got it made cause I'm makin tracks  
This is a lesson at bein dope that is  
Cordless mics are mine and the wheels are his  
Tons and tons of freaks I'm a mack daddy-o  
Writin def jams while I'm chillin on my patio

You are useless as a toothless piranha  
I'm ruthless now I'm gonna  
Bust it and discuss it make it funky to hear  
Paragraph to the people penetratin your ear  
You want to taste of it ooh here take a full dose  
Burn you up like radiation if you get too close

'Cause my mouth is like an uzi when it moves so quick  
And my lyrics are the bullets that I'm loadin it with  
You want to beat me homeboy I think you'll be destroyed  
Get dropped like a habit and played like a toy  
Never defeated I'm not conceited but let's face the facts  
Couldn't beat me with a motherfuckin baseball bat  
If I gave you a bomb that was nuclear armed  
You could shoot it at me and I wouldn't get harmed  
'Cause punk you can't stop me bullets couldn't drop me  
Stand on a mountain and still you couldn't top me  
You think you'll beat me boy get it togetha  
'Cause I'll never be beat you punk, never

When you hear my thumpin it's a maximum charge  
'Cause I'm the hip hop hood the ringleader at large  
Got a Ph.D in history  
I'm deadly boy not a toy like a poetry, prodigy  
Young beat conisseur hummin like a bird  
It was true when uou heard I'm the wiz the word  
Your eyes delate your eardrums expand  
When my voice comes through speaker from the mic in my hand  
Woofers stompin like thunder all about to explode  
The needle on the nuance stuck in overload  
Don't laugh cause I'm serious Mr. Mysterious  
Don't make me wad (why) cause I get furious  
Countless time is he just when you think I'm through  
I let my melody stretch to make more for you  
Just bust it cause I'm just too clever  
And I'll never be beat ya punk, never
