

## Alright Ma

3 Colours Red

You were the bright young thing till you took a little sting of  
Victorian  
Then it spread like a slick, made your frozen heart tick, so yo  
u passed it on  
But I'm alright ma  
I'm alright ma  
So I kick around town see who's up and who's down

I hear you're trapped again  
And you're straight on the bends  
But you'd bend to be straight  
Cos you're your only friend

But I'm Alright Ma  
I'm Alright Ma  
I'm Alright Ma

Turn on the TV, and what do you know?  
Thank God, the new god, remote control

Guess you had it sussed out cos you filled me in when I was you  
ng as semen  
You say your world's gone cold, I'm stood here breaking the mou  
ld  
I get this feeling..  
That I'm alright ma  
I'm alright ma  
I'm alright ma

Dad swears and mum don't care cos she knows  
No-one hears her when her eyes are closed  
Did you get what you want  
Is your television keeping you happy?

Guess you had it sussed out cos you filled me in when I was you  
ng as semen  
You say your world's gone cold, I'm stood here breaking the mou  
ld  
I get this feeling..  
That I'm alright ma  
I'm alright ma  
I'm alright ma  
I'm alright ma
