

Going Down In Flames

3 Doors Down

1. Don't tell me what to thinkCause I don't care this time
Don't tell me what to believeCause you won't be there
To catch me when I fallBut you'll hate me when I'm not here at all
Miss me when I'm gone again, yeah

R: I'm going down in flames
I'm falling into this again, yeah
I'm going down in flames
I'm falling into this again

2. Don't tell me how life isCause I don't really want to know
Don't tell me how this game endsCause we'll just see how it goes
Catch me when I fallOr you'll need me when I'm not here at all
Miss me when I'm gone again, yeah

R: I'm going down in flames...

X: Now, I'm all the way down hereI'm falling
I'm all the way down here
I'm falling down again
I'm fal - ling down
I'm fal - ling down
I'm fal - ling down

R: I'm going down in flames...

Now, I'm all the way down hereI'm falling
All the way All the way down here
I'm falling down again now I'm falling down
