

Heaven

3 Doors Down

1. I got lost out there in this world
Looking for a brand new way to fall down
It's no surprise that things gotten worse
And I think God never let me drown

R: But I didn't have to lie to myself for so long
I didn't have to let myself get so far gone
I didn't have to make the ones I love feel so alone
I didn't have to die to go to heaven
- I just had to go home

2. While I was having the time of my life
I think my soul died a little every day
I always called to say I'm sorry you said it's okay
But you should be through it all - you never walked away

R: But I didn't have to lie to myself for so long
I didn't have to let myself get so far gone
I didn't have to make the ones I love feel so alone
I didn't have to die to go to heaven
- I just had to go home

*: Into the arms of my angel
Into the peace I left behind
All I had to do to save my own life
Was to look into your eyes

R: But I didn't have to lie to myself for so long
I didn't have to let myself get so far gone
I didn't have to make the ones I love feel so alone
I didn't have to die to go to heaven

But I didn't have to lie to myself for so long
I just had to go home
I just had to go home
I just had to go home
