

## Still Alive

3 Doors Down

Well I don't show feelings  
I don't share them well  
But I own scars that show and they've got a story to tell  
I bite my lip and walk away  
And I know what I should say  
There's so much on my mind  
But you don't want to hear it

If you could see me on the other side  
You might find me fighting for my life  
But I'm still alive

This little high we're on  
It ain't for the weakened heart  
We've got a role to play  
And I'm gonna play my part

I felt the soul, it burns  
I've held it in my hands  
And I feel it all the way  
Cause I never could kill it

If you could see me on the other side  
You might find me fighting for my life  
But I'm still alive

If you could see me on the other side  
You might find me fighting for my life  
But I'm still alive
