

Anyway

3 Feet Smaller

Helplessness has taken a real big part of me
Isn't it enough for you when I swear that you're my baby
Can't we just be together without saying those 3 words
You don't agree with that, you just say "it hurts"
For me it's not easy
Why can't I say to you anyway
Why can't I say that I'm sorry
It can't be true that this is a reason for you
To quit with me and leave me alone in my room
Give me a second chance cause I'm just a man
I'll learn how to say those 3 words over and over again
For me it's not easy
Why can't I say to you anyway
Why can't I say that I'm sorry
For me it's not easy
Why can't I say to you anyway
Why can't I say that I'm sorry
