

## Deja Vu

3 Feet Smaller

10000 love songs fall silent  
Not a single one told the truth  
About what it's like  
Can't say "I love you till I die"  
But I swear I'll give it a try  
But if you break my heart on me  
I'll break your face literally  
So don't fuck with me  
Just promise me  
You won't do something that hurts me  
You wonder why I am so cold  
Through my heart pumps snow  
But I'll open it up for you (for you)  
Thanks to the creatures I have met  
And the freaks that I've dated  
I became what you look at, heartless  
10000 love songs fall silent  
Not a single one told the truth  
About what it's like (to be in love)  
Can't say "I love you till I die"  
But I swear I'll give it a try  
But if you break my heart on me  
I'll break your face literally  
So don't fuck with me  
Just promise me  
You won't do something that hurts me  
(Wooh wooh)  
I always felt humiliated  
Cause every girl I have cheated  
So don't you piss down on my back  
And tell me it's raining  
It's hard for me to understand  
That you really are different  
But if I find out you are just like all the others  
Well, I swear I'll kill you  
I will kill you  
Can't say "I love you till I die"  
But I swear I'll give it a try  
But if you break my heart on me  
I'll break your face literally  
So don't fuck with me  
I promise you  
I will do something that hurts you...
