

Falling down

3 Feet Smaller

Why do i feel so bad? When your not around
Now your gone, i'm all alone . No one is there, when i fall down . I'm hanging around, in your town.
Where everyone, keeps falling down .
Why do i feel so bad? When your not around
Now your gone, i'm all alone . No one is there, when i fall down . I'm hanging around, in your town
Where everyone, keeps falling down
It's happend once again . I'm in love with my right hand . Cuz
you treated me to bad
Now i'm standing here alone . No one's up to come around.
I wisper a song called "Falling down".
