

## Falling down

3 Feet Smaller

Why do i feel so bad? When your not around  
Now your gone, i'm all alone . No one is there, when i fall down . I'm hanging around, in your town.  
Where everyone, keeps falling down .  
Why do i feel so bad? When your not around  
Now your gone, i'm all alone . No one is there, when i fall down . I'm hanging around, in your town  
Where everyone, keeps falling down  
It's happend once again . I'm in love with my right hand . Cuz you treated me to bad  
Now i'm standing here alone . No one's up to come around.  
I wisper a song called "Falling down".
