

## Hold Me Tight

3 Feet Smaller

what comes around, what goes around  
will i ever be found  
in this little fucked up town  
that i call home  
will i ever find my way  
to get out of this misery  
i'm feeling damned  
i have the gift for never making something right  
why can't someone hold me tight?  
it seems depression is my second name  
i'm going insane  
can somebody please make  
this pain go away  
i got no hope and no good friends  
no helping hands  
will i ever find my way  
to get out of this misery  
i will commit suicide
