

I Hear My Ass Farting Your Name

3 Feet Smaller

You don't know how to write your own name
you just know how to hurt someone
it's no wonder that your parents disown you
when you suffer i have fun
Your girlfriend sells her body
Your best friends name is alcohol
I can't wait to see you again
at your funeral
nananananana

I hope you know that I HATE YOU!
I hope you know that YOU SUCK!
You're nothing but a single dishoner
You could die and i wouldn't give a fuck
nanananana(4x)

Fuck off and please leave this world
I hear my ass farting your name, your stupid face drives
me insane(2x)
Nanananana (5x)
Fuck off and please leave this world
