I don't wanna let you go . You are the one i know The only one.  
But you keep ignoring me . Oh darling can't you see I wanna be  
with you .

Everyday i fall down and when you are not around . I want you h  
ere to be mine . I love you till the end of time

I just can't concentrat all you feel for me is hate but i can'  
t accept that I can't accept.

All that i feel for you I don't know if it's true that i'm in l  
ove with you . I'm in love .
