

Balls of Ice

3 Inches of Blood

Balls of ice,
running through your mind
You're gonna go insane
Balls of ice,
running through your mind
Balls of ice
You're gonna go insane

Well, you pick up your sword
You're gonna be at war
Like power wrapped in steel
Every man beside you kneel
The cold feel of the blade
It's louder than your name
Through sickness bring us plight
Heavy metal is our light
Heavy metal is our light
Heavy metal is our light
Heavy metal is our light
Heavy metal

Balls of ice
Running through your mind
Balls of ice
You're gonna go insane
Balls of ice
Running through your mind
Balls of ice
You're gonna go insane

Balls Balls Balls Balls
Ice Ice Ice Ice
Balls Balls Balls Balls
Ice Ice Ice Ice
Balls
Ice
Balls of Ice
Balls
Ice
Balls of Ice

Balls of ice
Running through your mind
Balls of ice
You're gonna go insane
Balls of ice
Running through your mind
Balls of ice
You're gonna go insane

Well, you pick up your sword
You're gonna be at war
Like power wrapped in steel
Every man beside you kneel
The cold feel of the blade
It's louder than your name
Through sickness bring us plight
